WELCOME *Letter*

YOUR MONEY. YOUR FUTURE. ELEVATED.

Hey Future Builder,

Welcome to ELEV8! Your future is filled with possibilities, and the choices you make today can help shape the life you want tomorrow.

Whether your path leads to college, a trade, a career, or a business of your own, understanding money will give you more confidence and more choices.

Too many young people are asked to make important financial decisions without being shown how money works. I created this workbook to help change that.

Here, you will learn by doing. You will explore real-life examples, practice useful skills, and take small steps that build strong habits over time.

You do not have to get everything right. Ask questions, be honest with yourself, and put what you learn into action. Progress matters more than perfection.

Most importantly, remember that ELEV8 is about more than money. It is about building confidence, creating opportunity, and living with purpose.

I believe in what you can become. Make this journey your own, keep moving forward, and never stop investing in your future.

Keep climbing,

Randy Hartmann
